KIOXIA

Make It with KIOXIA

Upgrade it, Create it, and Innovate it with KIOXIA.

KIOXIA Europe is a leading supplier of Flash Memory, Solid State Drives (SSDs) and Retail Products (USB, Memory Cards, SSDs). From the invention of NAND flash memory in 1987 to today's breakthrough BiCS FLASH™, KIOXIA continues to pioneer innovative memory solutions. The company's renowned BiCS FLASH™ 3D flash memory technology is an important component in almost all devices and applications where data need to be stored.

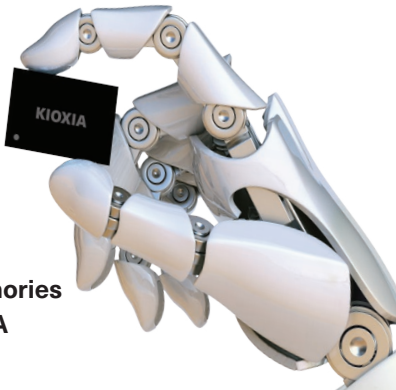

KIOXIA puts great emphasis on retaining the same excellent quality, performance and reliability standards, that customers have come to know and trust.

KIOXIA has been leading a new era by providing advanced memory solutions to enrich people's lives. By evolving "memory", KIOXIA creates uplifting experiences and changes the world.

What does KIOXIA mean?

The name KIOXIA is a merger of two different words: the Japanese word kioku means "memory" and the Greek word axia means "value".

How to pronounce KIOXIA?

Store and save your memories for the future with KIOXIA

KIOXIA Product Line-Up

KIOXIA develops and provides storage applications for Business Memory and Consumer Storage:

Solid State Drives

- **Enterprise SSDs** for servers and storage systems
- **Data Center SSDs** for cloud computing and dedicated servers

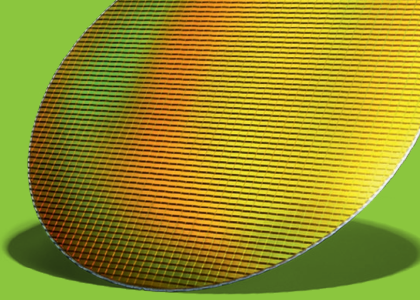

Embedded Memory Products for Automotive, Consumer and Industrial Applications

- **UFS and e-MMC:** High-capacity managed flash memory
- **XL-FLASH:** High-performing SCM (storage class memory)
- **BiCS FLASH™:** High die area density flash memory

Consumer Flash Memory Products

- **Memory Cards** (SD/microSD) for cameras, action cams, mobile phones, tablets, e-book readers, VR glasses, drones
- **USB Flash Drives** for PCs and Mac
- **SSDs** for gaming systems, mainstream notebooks and PCs

The Inventor of Flash Memory

Made in Japan

WORLD'S LARGEST FABRICATION*

All KIOXIA flash memory wafer manufacturing is done in Japan (Yokkaichi and Kitakami).

100% IN-HOUSE FLASH MEMORY

KIOXIA flash memory is used in 100% of our consumer memory and storage products.

HIGH QUALITY & RELIABILITY

With stringent quality control, we are dedicated to providing high quality products.
